

# Men's Second Chance Living

2022  
ANNUAL  
REPORT

*Expanding  
Opportunities*

Every  
Day Is A  
Second  
Chance

# Letter from ED and Board President

## DEAR FRIENDS,

If gratitude and optimism had a sound, at MSCL House, it would be the sound of beds being made up with crisp new sheets, dishes being stacked in the kitchen, and residents checking in with each other after work. It would be the sound of lively house meetings and book clubs; of classes on financial literacy and phone calls confirming appointments with therapists. This year, perhaps the most exciting sound was unlocking the door to our second home in Hailey. Buying this home was a long-term goal for MSCL House, and it will allow us to serve up to an additional 16 men in early recovery each year.

None of this bright, optimistic noise would be possible without your generosity and support of our mission and programs. Because of you, we can provide a safe and sober living environment for men in the Wood River Valley and help them succeed in their recovery while treating them with respect, compassion, and a belief in each individual. Thank you.

Now in our fifth year of successful operation, MSCL House and its proven programs are helping our residents while benefiting their families and the broader community. Beyond the purchase of a second home, we had a lot to celebrate in 2022:

- A recent graduate who, through his hard work and commitment, completed a college degree in welding and opened his own business. Without MSCL House, he said, he would never have completed his education, pursued this career, or have had the money through our matched savings program to meet his goals and land on his feet.
- A resident who used his matched savings funds to move out of the house, rejoin his family, and find meaningful work in the community.
- Another resident who has achieved a year of sobriety, paid off all his outstanding debt, and is now enrolled in a college course as an electrical apprentice and working at a local company.

These men are just a few of our success stories and examples of what motivates us.

At MSCL House, one can hear the sounds of progress, accomplishment, and futures being redefined. Thank you for being such an important part of our team. Without you, there would be no sounds of laughter, of shared commitment over shared meals, of waking up with a sense of purpose and hope in a space that is safe and inspires the will to embrace a second chance.

Sonya Wilander

Scott Lucas

# ACCOMPLISHMENTS IN 2022

Every day, our chief activity is to provide opportunities for success in recovery to the increasing number of men in need in our community. MSCL relies on program income, grants, and mostly private support to fund our operations. With the help of generous donors, we made significant progress toward major goals this year, including:

## BUILDING A BETTER TOMORROW CAPITAL CAMPAIGN | PURCHASE A SECOND HOME

A successful capital campaign, completed ahead of what was anticipated, provided us with the funds to acquire a second home in Hailey over the summer. The new home expands our services in the community to an additional eight residents – essentially doubling our capacity.

We welcomed our first resident in mid-October. By the end of the year, the house was at full capacity.

Measuring success is critical, but metrics and numbers only tell part of the story. The personal experiences of our residents indicate that, with your support, we're on the right track.

*"...since I have been living here at the MSCL House, I have changed my life for the better. Nothing has ever worked for me in the past, and my life now is better than it has ever been. I believe a lot of it has to do with the people that I have around me and the support we get from MSCL staff."*  
— Current Resident

*"MSCL House is a testament that we cannot make it through recovery alone. This supportive brotherhood becomes family that will long endure - I will never forget my housemates."*  
— Current Resident

# ACCOMPLISHMENTS IN 2022

## SOBER LIVING PROGRAM HELPS ESTABLISH AND MAINTAIN SOBRIETY

23  
Residents

3,036  
Bed Nights

Every person who signs up for sober living is already a success story – taking that first step to improve their lives is huge. Persevering with the program and achieving their goals is monumental. While we provide supervision, accountability practices through random drug testing, and coordination of wraparound services, the residents have a safe place to deal with triggers, learn accountability and responsibility, and develop stronger communication skills. Whether residents stay with us for one month or one year, they are committing to their recovery and that, in and of itself, is **success!**

*“School created more opportunities for financial freedom. It gives me a solid skill – a trade that I can use anywhere to build my future.”* – Past Resident

## COMPASSION PROGRAM | SUPPORTS LEARNING AND JOB SKILLS DEVELOPMENT; ADDRESSES URGENT NEEDS

Our compassion program is individualized to help each man create the future he envisions for himself. The program allows residents to pursue trade school and higher education. As they work toward a degree or certification, we support them with tuition assistance, books, urgent care needs, and rental assistance.

MSCL celebrated its first college graduate in the spring of 2022. He graduated from the College of Southern Idaho at the top of his class with a degree in welding technology.

We look forward to more graduates as current residents enroll in college programs this year.

4

## WELLNESS FUND PROMOTES HEALTHY LIVING

All residents participated  
in one or more  
of these services

This preventive care program is essential for long-term wellness. We help the residents with:

- Nutrition to build life skills and create healthy eating habits
- Medical, Dental and Behavioral Health Services
- Wellness Activities to get physically and mentally healthier through fitness and sports and create lasting positive lifestyles

Each resident is an individual and we work with them to create a personalized plan to meet their needs in recovery. Recovering from substance use disorder and working to prevent relapse is a holistic process that requires healing and supporting the body, mind, and spirit.

By offering nutrition classes, providing connections to local health care and behavioral health providers, encouraging participation in recreation and fitness, and facilitating activities for the mind (such as book clubs and discussion groups), MSCL House offers residents the opportunity for lasting recovery.

## MATCHED SAVINGS PROGRAM BUILDS FINANCIAL FLUENCY

- Dollar-for-dollar matched savings accounts
- Financial literacy classes
- Productive asset goals

Our residents have enthusiastically embraced the financial literacy classes we offer and the ability to enroll in our Matched Savings Program, where MSCL House matches residents' savings dollar-for-dollar.

Residents cite these programs as life-changing, enabling them to move from a life of dependence to a life of independence. Leaving MSCL House with the ability to rent a home, pay off debt, fund their education, or support a family is motivating and inspiring.

# FUNDRAISING FUN | TO SUPPORT MSCL PROGRAMS

## VOLUNTEER HOURS IN GRATITUDE, MSCL MEN GIVE BACK

# SUPPORTERS

As we enter our fifth year of successful operation, we are focused on expanding opportunities for the residents we serve. We are committed to providing the services and programs that we know help change lives. We are grateful for our donor community's help to grow our program in meaningful ways, especially the addition of a second sober home that effectively doubles our capacity.

Beyond providing a safe place to call home and the support necessary to maintain sobriety, we include all MSCL House residents in our wraparound programs that emphasize holistic recovery, financial stability, physical and mental health, and a sense of purpose. We remain nimble and focused on each man as a whole individual, not just as a recovering addict. With your help, we can focus on sustainable growth of our services with an eye toward making an impact that extends well beyond a resident's stay at MSCL House.

*"This year at MSCL house I have made tremendous gains at the gym thanks to support from residents and staff, it's nice to have people that care and push me to my limits, and for the first time in my life I'm finally getting better at skiing, this is a skill I can enjoy for many years to come." — Current Resident*

Because every day is a second chance to change a life.

## MSCL House Mission

Help men living with addiction succeed in their recovery and achieve sustained sobriety by providing them with safe, affordable sober housing and support services while serving their needs and treating them with respect, compassion, and a belief in the value of each individual.

## MSCL House

P.O. Box 2398 • Hailey, ID 83333 • 208.481.0182

---

## HOW CAN YOU HELP?

By offering services or programs that directly benefit the health and wellness of our residents.

By providing volunteer opportunities, as well as community and neighborhood event involvement.

By offering gainful employment opportunities in your company or local business that supports the hiring of individuals in recovery.

---

We welcome and recognize the value of YOUR contribution, YOUR support, YOUR engagement, and YOUR willingness to connect with our residents and support them to Recover Strong!
